

Faculty of Medicine: Department of RADIOLOGY

	Medhat Mohamed Reffat Ahmed Eldosoky		
	Ahmed Farid Mohamed Yousef		
#	Publication	Authors	Year
1	1- Value of magnetic resonance imaging in diagnosis of Ewing sarcoma of bone	-	0
2	10- Sonographic patterns of finger tendon Involvement in rheumatoid arthritis.	-	0
3	2- Human fascioliasis: diagnostic approaches	-	0
4	3- Accuracy of ct and MRI for assessment of laryngeal malignancy.	-	0
5	4- MR imaging of renal neoplasms amenable to nephron sparing surgery.	-	0
6	5- Femoral head osteonecrosis: detection and staging by conventional radiography and mr imaging	-	0
7	6- The role of magnetic resonance imaging in the diagnosis of painful ankle and foot	-	0
8	7- MRI evaluation of post renal transplant complications.	-	0
9	7- MRI evaluation of post renal transplant complications.	-	0
10	8- Renal contrast enhanced magnetic resonance angiography in evaluation of renal tumor	-	0
11	9- The impact of spiral ct on management of urinary stones	-	0

#	Publication	Authors	Year
1	Hesham Mohamed Farouk, Tohamy Halim El-Kholy , Ahmed Mohamed Zidan & Tarek Arafa Khatab The Egyptian Journal of Radiology & Nuclear Medicine. Vol 37, No. 3 , (September), 2006	-	2006
2	-Quantitative assessment of pulmonary emphysema, using density mask program, in correlation to pulmonary functions. Medhat Mohamed Refat, Hesham Mohamed Farouk, Ahmed Mohamed Ghandour, Hossam El-Din Mostafa & Tawfik El-Adl The Egyptian Journal of Radiology & Nuclear Medicine. Vol. 37, No.1 ,(March), 2006	-	2006
3	Color Duplex Visualization Of Uretric Jets In The Assessment Of Collecting System Dilatation In Adults . Hesham Mohamed Farouk, Usama Taha Galal & Alaa El-Fakharany The Egyptian Journal of Radiology & Nuclear Medicine. Vol. 35, No. 1,(September), 2004	-	2004
4	Correlative study of ultrasonographic features with clinical measures in juvenile rheumatoid Arthritis. Hesham M. Farouk, Usama Taha Galal, Medhat Mohamed Refat, Tarek Khatab and Sherien El-Gergawy The Egyptian Journal of Radiology & Nuclear Medicine. Vol. 37, No.2 ,(June), 2006	-	2006
5	Efficacy Of The Power Doppler Ultrasonography With Waveform Analysis Of The Flaccid Penis As a Screening Test In Evaluation Of Erectile Dysfunction. Hesham Mohamed Farouk & Ahmed Abdel Baky The Egyptian Journal of Radiology & Nuclear Medicine. Vol. 37, No. 2 ,(March), 2006	-	0
6	Role of B-mode ultrasonography in the detection of vascular alteration in children with type I diabetes Hesham Mohamed Farouk, Mostafa Abdel Azim Mostafa & Tawfik El-Adl The Egyptian Journal of Radiology & Nuclear Medicine. Vol. 37, No. 1 ,(March), 2006	-	2006
7	Value Of Color Doppler Sonography Alone Or In Combination With ray Scale One In Diagnosis Of Malignant Cold Solitary Solid Thyroid Nodule . Hesham Mohamed Farouk, Usama Taha Galal, Ahmed El-Shal, Sobhy Aboul Fetouh, Yaser Mohamed & Tawfik El-Adl The Egyptian Journal of Radiology & Nuclear Medicine: Vol. 37, No. 1 ,(March), 2006	-	2006
